Ethix® WATER Conditioner

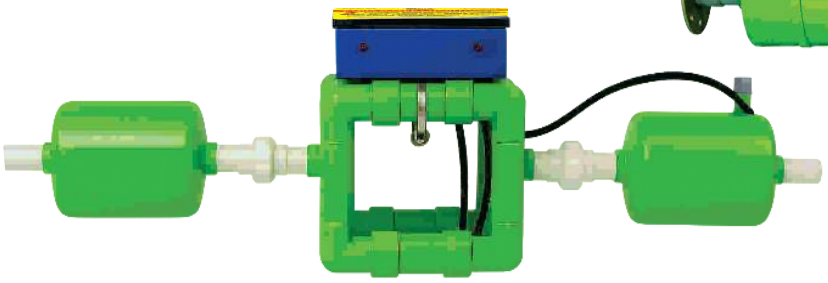

India's No. 1* Maintenance- Free! Ethix Water Conditioner

(Electrolysis, Electronics with Electromagnetic)

Physical Water Treatment

TWO YEAR WARRANTY — 2 YEAR — WARRANTY

Delta Series {△}

Delta Series {△} Plus

"WIN FIGHT AGAINST HARD WATER PROBLEM!"

No Maintenance	Zero Water Wastage	Existing Scale Remover	Fit & Forget
No Salts	Magnetic Water	Eco Friendly	Long Life 20 Years
No Chemicals	One Time Investment	Anti- Scaling Anti- Rusting Anti- Algae	

DOMESTIC SECTOR

Suitable Applications

- Flats & Apartments
- Individual Homes
- Bungalows
- Villas
- Residential Societies
- Farmhouses
- Row Houses
- Rental Properties

Hard Water Problems

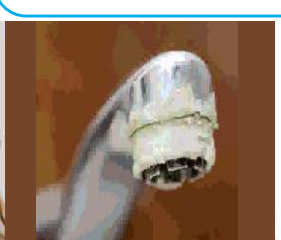

- White stains on taps, tiles and fittings
- Shower blockage and low water flow
- Geyser scaling and reduced heating efficiency
- Rough clothes after washing
- Low soap foam and detergent wastage
- Scale buildup in washing machines and pipelines
- Dry skin and dull hair
- Frequent bathroom fitting maintenance

Key Benefits

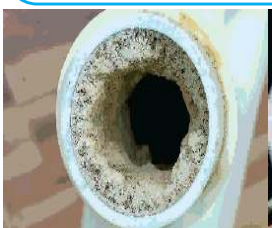

- Helps reduce hard water scale in taps, showers and pipelines
- Protects geysers, washing machines and water heaters
- Helps keep bathroom tiles and fittings cleaner
- Improves soap lather and washing performance
- Salt-Free, Chemical-Free and Maintenance-Free
- One-Time Investment with Long Life

Soap Not Foaming

Hard Water in Hearers

An ISO 9001:2015 & ISO 14001:2015
Certified Company

Ethix WATER Conditioner

AGRICULTURE SECTOR

Applications, Hard Water Problems & Benefits

Suitable Applications

- Dairy Farming
- Livestock Farming
- Farm Crops
- Green house Nursery
- Aquaculture
- Polyhouse Farming
- Floriculture Farming
- Vegitables Farming
- Horticulture
- Hydroponics

Hard Water Problems

- Scaling in drip emitters and aprinder nozzles
- Blockage in irrigation pinelines and filters
- Reduced fertilizer mixing efficiency
- Poor water penetration and usaven distribution
- Seil hardness and nutrient absorption issues
- Reduced cup growth and lower yield quality
- Scaling in dairy water lines and farm equipment
- High maintenance of pumps and inigation systems

Key Benefits

- Improves water and fertilizer mixing efficiency
- Helps reduce scaling in nozzles, pipelines and irrigation lines
- Supports better crop growth and healthy plant development
- Helps improve soil structure and water distribucion
- Useful for dairy farms and agricultural water systems
- Helps Improve Animal Health & Metabolism

Root Diseases | Scalling on Soil | Dripper Blockeges | Low Metabolism | Burning Leafs | Leaking Sprinklers

Ethix WATER Conditioner

COMMERCIAL SECTOR

Applications, Hard Water Problems & Benefits

Delta Series {△} Plus

Suitable Applications

- Hotels & Resorts
- Hospitals
- Restaurants & Kitchens
- Schools & Colleges
- Office Buildings
- Shopping Malls
- Laundries
- Gyms & Spas

Hard Water Problems

- White stains in washrooms and guest bathrooms
- Scale buildup in plumbing lines and fittings
- Geyser and boiler scaling in hotels and hospitals
- Reduced efficiency of kitchen equipment and dishwashers
- Laundry fabric roughness and detergent wastage
- Frequent maintenance in faucets, showers and fixtures
- Unclean glassware, sanitary ware and tiled surfaces
- Higher service & maintenance costs

Key Benefits

- Helps reduce scaling in washrooms and water lines
- Protects plumbing and water-using equipment
- Helps maintain cleaner fittings and surfaces
- Reduces laundry and kitchen maintenance issues
- Maintenance-Free, Salt-Free and Chemical-Free
- Lowers service costs and improves system life

Ethix WATER Descaler

INDUSTRIAL SECTOR

Applications, Hard Water Problems & Benefits

ALFA-Terminator

(SS 304 Model : Turbulence with PF 5Volt Series)

Suitable Applications

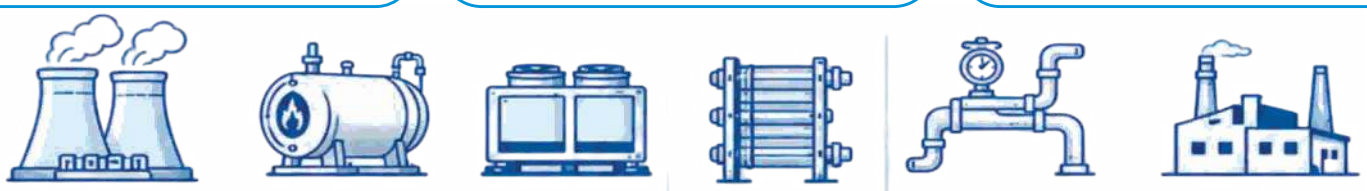

- Cooling Towers
- Boilers
- Chillers
- Heat Exchangers
- Process Water Lines
- Manufacturin Units
- Textile Units
- Food Processing Plants
- Protect RO Membrane

Hard Water Problems

- Scale buildup in cooling towers and boilers
- Reduced heat transfer in heat exchangers
- Chiller line blockage and poor cooling efficiency
- Pipeline scaling & lower water flow
- Higher energy consumption and equipment stress
- More downtime and frequent descaling maintenance
- Process line inefficiency and product quality issues
- More downtime and frequent descaling maintenance

Key Benefits

- Helps reduce scale buildup in industrial pipelines & equipment
- Protects heat transfer systems and process lines
- Supports improved water flow and operating efficiency
- Helps reduce downtime and maintenance costs
- Suitable for multiple industrial water applications
- Low maintenance and long life

Deposited Scale | Microbiological Corrosion | Biofouling | Scalling On Colling Tower | Scalling On Boiller
